

C050900B071A
 Cambium ePMP Force180 5GHz Wireless Bridge in a Box

Bands

5.0GHz

Ethernet Speed

1Gbps

Integrated PoE

PoE (non standard)

Stock Level: **Few products in stock!**

\$495.00 + GST

Description

Plug-n-Play Outdoor Wireless Ethernet Bridge!

br /> ePMP Bridge-in-a-Box is a pre-paired Point-to-Point (PTP) link comprised of two ePMP Force 180 devices designed to extend networks between two locations up to 10km. The ePMP Force 180 Bridge in a box supports ePTP proprietary protocol for longer range, lower latency, and greater performance WiFi Bridging. Optional Standard Wi-Fi mode of operation is also available.

Features

- Extend a local network to a remote building
- Extend your Wi-Fi link to a new location
- Provide a cost-effective solution to backhauling CCTV networks
- Support any application requiring network extension!

Specifications

Details

Manufacturer's Code	C050900B071A
Output Power	-17 to +30 dBm (combined, to regional EIRP limit) (1 dB interval)
Channel Width	5 / 10 / 20 / 40 MHz
Frequency Range	4910 – 5970 MHz
Interfaces	10/100/1000BaseT, Compatible with Cambium PoE pinouts (V+ = 7 & 8, Return = 4 & 5) and Standard PoE pinouts (V+ = 4 & 5, Return = 7 & 8)
Temperature Range	-30°C to +60°C (-22°F to +140°F)
PoE In	10 - 30V
Max Power consumption	10 W Maximum, 5 W Typical
Polarisation	2x2 MIMO/OFDM
Wind Loading	145 km/hour (90 mi/hour) with antenna
Dimensions	12.4 x 25.1 x 11.9 cm
IP Rating	IP55
