

Case Study Questionnaire

General Information

Please note: For your case study to be published, your case study must use at least 5 products purchased from Go Wireless NZ and/or hold a unique solution showing creativity and ingenuity.

Your Name:

Business:

Location:

End user:

Your company blurb:

List all products used in the deployment:

The Problem

1. Reason for deployment - What problem were you trying to solve?

The Solution

2. Describe the deployment, where was each product installed and how? Did you encounter any challenges? Any unique attributes of the deployment?

7. Recommendations for others considering the product:

Quotes (optional)

1. Quote from end-user (suggestion: talk about what the new solution allows them to do that they could not do before and how the new solution improved the end-users business)

2. Quote from installer (suggestion, what aspects of products made the deployment easy to install and very effective for the end-user?)

Thanks for your time and energy.

Send any deployment images and screenshots as attachments
along with this form to marketing@gowifi.co.nz
