#### Android compatibility

Android 5.0 minimum required.

#### Browser support

Webapp available for the two latest versions of: Chrome, Safari, Firefox, Internet Explorer.

#### Regulatory statements

FCC and CE  
Used Libraries

## Protection day and night

At night, either watch discreetly with the camera's infra-red night vision or switch the camera's floodlight on.

The smart floodlight can be switched on manually in the app or set to switch on when it detects a person, car or animal - or for all three. It helps you find your way safely at night and deters any unwanted visitors.

## Entirely weatherproof

The Smart Outdoor Camera is specifically designed for outdoor use and can withstand the elements: rain, snow, moisture, dust and dirt, thanks to HZO technology – an innovative thin-film coating solution.

## Simply installs as an outdoor light

The security camera simply replaces any existing outdoor light fixture.

In just a few minutes you have a sophisticated security system with a powerful floodlight.

## Free video storage

Local video storage on the included microSD card.

Choose to store your videos automatically on your personal Dropbox cloud.

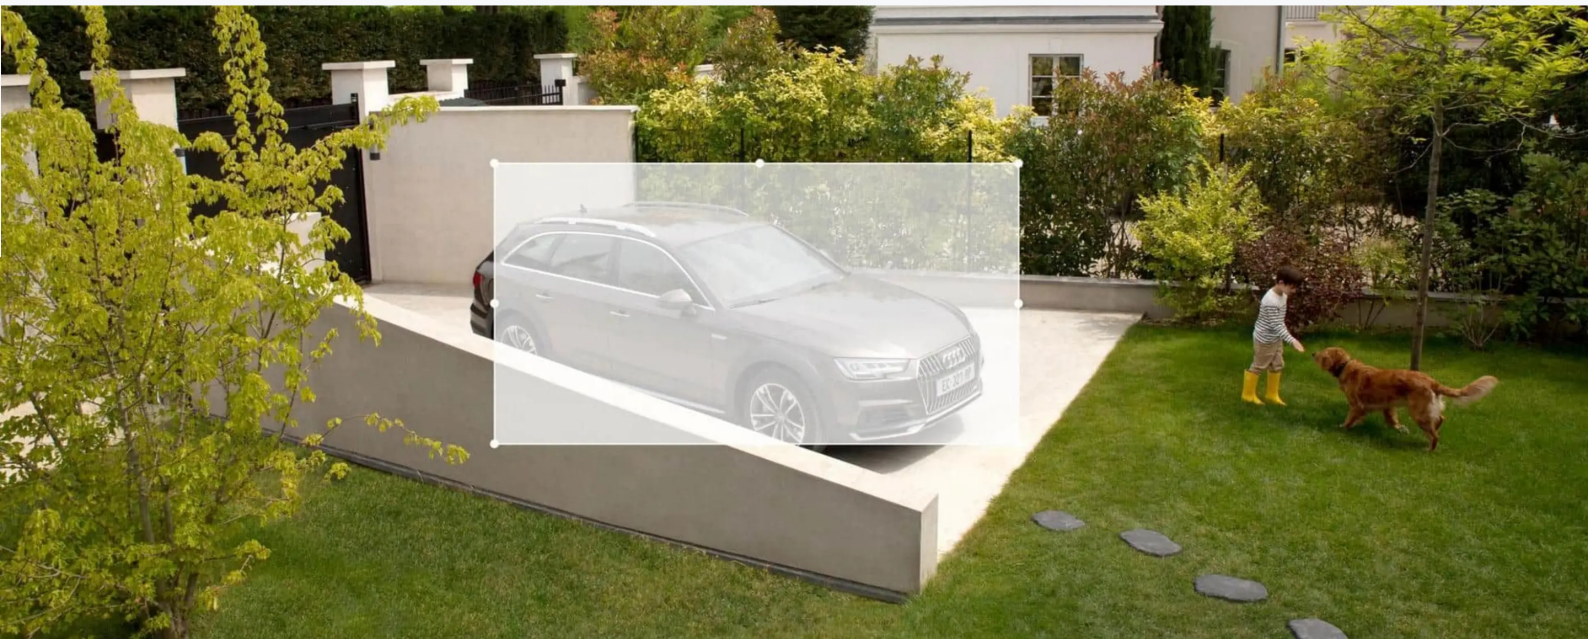

Or, choose to backup videos automatically on your personal FTP server.

## Be notified when it matters

Each home is unique. With the Smart Outdoor Camera you receive customized notifications that match your needs.

The Alert-Zones feature allows you to select specific areas for alerts – you know instantly when someone enters a zone you selected.

### Be in control of your home at all times

In the app watch live stream from any device, anytime. Scroll through past footage and download your favorite videos.

### See the day in a minute

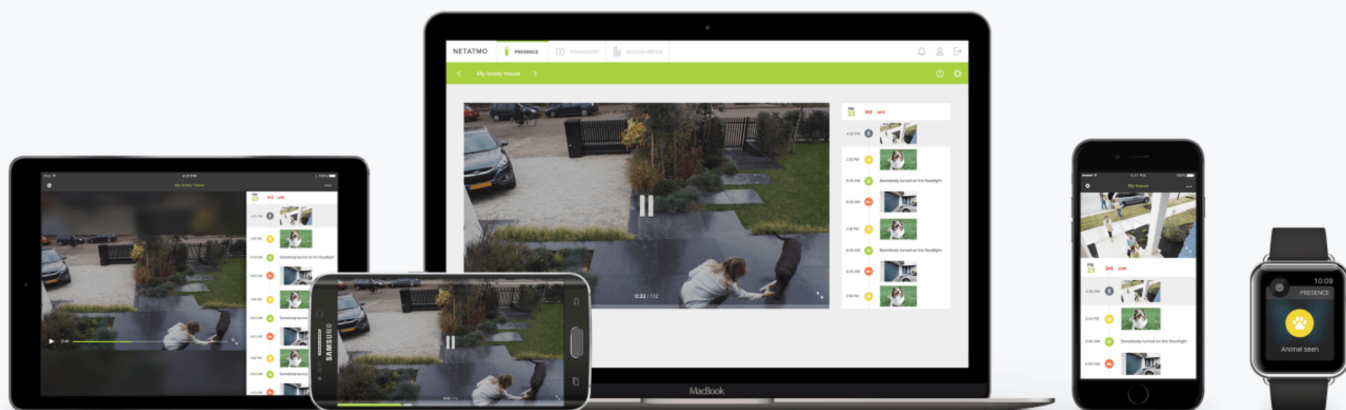

Watch what happened during the day effortlessly with the outdoor camera's timelapse feature – quick to watch and fun to share.

## An outstanding camera and a minimalist design

### ELEGANT ALUMINUM DESIGN

The beautiful aluminum body gives the camera a timeless design and at the same time makes it extremely durable.

### STUNNING VIDEO QUALITY AND ZOOM

Videos are recorded in excellent Full HD quality. Pinch-to-zoom into the video to see every detail.

### RECORDS ONLY WHAT MATTERS

The Smart Outdoor Camera records only when something happens, there are no hours of empty footage.

### ENTIRELY WEATHERPROOF

Designed for outdoor use (H2O protection standard).

### ULTRA-LONG DETECTION UP TO 20M / 65FT

The Smart Outdoor Camera is able to detect people, cars or animals up to 20m / 65ft.

### SECURE ENCRYPTION

Bank-level and end-to-end encryption is used for the highest level of protection.
