UACC-Rack-Panel-Patch-Blank-24

Rack Mount Blank Patch Panel 24-port

Standalone insert that can be easily installed into an existing network equipment rack to create a clean, uniform aesthetic.

The Rack Mount Blank Patch Panel 24-port is a standalone insert that can be easily installed into an existing network equipment rack to create a clean, uniform aesthetic that ties in all of your mounted hardware. The patch panel is designed to mimic the shape, color, and port layout of UniFi Switches and other commonly racked devices. Additionally, the panel is flexible enough for keystone installation.

Mechanical
