

PBE-5AC-GEN2

Ubiquiti 5GHz 25dBi PowerBeam AC Gen 2 Access Point

Bands

5.0GHz

Wireless Standards

802.11ac

Ethernet Speed

1Gbps

Integrated PoE

PoE (non standard)

Stock Level: **Product in stock****\$205.00 + GST****Description**

The PowerBeam 5AC Gen 2 directs RF energy in a tighter beamwidth. With the focus in one direction, the PowerBeam 5AC Gen 2 blocks or spatially filters out noise, so noise immunity is improved. This feature is especially important in an area crowded with other RF signals of the same or similar frequency. Ubiquiti's InnerFeed® technology integrates the radio into the feedhorn of an antenna, so there is no need for a cable. This improves performance because it eliminates cable losses. Featuring high performance and innovative design, the PowerBeam 5AC Gen 2 is versatile and cost-effective to deploy.

Features

New and Improved PowerBeam 5AC Gen 2 featuring dedicated Wi-Fi management using UMobile App for iOS and Android

airMagic Channel Selection Tool Comprehensive Array of Diagnostic Tools, including RF Diagnostics and airView Spectrum Analyzer

airOS v8 is the revolutionary operating system for Ubiquiti airMAX ac products

Perfect WISP CPE

Specifications**Details**

Manufacturer's Code	PBE-5AC-GEN2
Output Power	25dBm
Operating Modes	PtP / PtMP Modes
Frequency Range	2412 - 2472 MHz; 5150 - 5875 MHz
Interfaces	(1) 10/100/1000 Ethernet Port
PoE In	Yes, 20-26V
Operating System	Ubiquiti airOS
Max Power consumption	8.5W
Pole Diameter	30-50mm
Dimensions	420 x 420 x 230 mm
